ABOUT THE CONFERENCE

V.P.M's Polytechnic is honored to host a congregation of brilliant ergonomics minds for the 24th National conference on “**Smart Technologies in Occupational Health, Safety and Environment (OHSE) Conference and Awards**”. The one-day event will showcase an array of speakers from safety fraternity.

The objective of the conference is to provide a platform to share experience and expertise occupational environment, health and safety officers, managers, executives, OHSE practitioners, environment, safety and health committee members.

Due to occupational hazards, globally more than 2.5 million workers fall victim to occupational death. This can potentially alter their lifestyles, health and working capabilities permanently. Technologies like the Internet of Things (IoT) and Artificial Intelligence (AI) can lead industries to substantially reduce workplace mishaps by helping workers take sufficient precaution. These can save many lives and huge financial losses.

The conference will be focused on the development of quality life of each Indian by scaling of technologies in the area of Health, Safety and environment by incorporating smart technologies.

KEY AREAS COVERED

- Smart technologies in OHSE Management
- Advance trends in PPE
- Environment Monitoring
- Occupational Health
- New Standard of OHS Management – ISO:45001
- Risk Based Process Safety Management (RBPSM)
- Moving towards green & lean technologies in manufacturing

WHO SHOULD ATTEND?

Anyone with an interest in sharpening their occupational safety and health knowledge, including managers of safety and health programs or those with similar responsibilities as part of their employment as well as Environmental Health Specialist will greatly benefit from attending the conference.

- Line Supervisors/ Managers
- Safety Officers / Managers
- ADIS Students
- Anyone who interested to update OHS & E knowledge

CALL FOR PAPERS

Prospective authors are kindly invited to submit full text papers including results, tables, figures and references. All submitted articles should report original, previously unpublished research results, experimental or theoretical. Articles submitted to the Conference should meet these criteria and must not be under consideration for publication elsewhere. Author(s) should clearly mention the title of paper related to the key areas covered. Author(s) should submit their paper(s) to vpmsafetyconference@vpmathane.org before last date of submission. Acceptance of papers will be communicated after review of paper and will be informed by mail regarding registration, publication in Proceedings, etc.
